Get your child CBSE accredited
complete school education
from the comfort of your home.

Welcome to AOL School!

Every sphere in life has been transformed in the digital age. Why should schooling be an “old” one out? Bringing to you a new way of schooling: **AOL School!**

AOL School is the best way to get school education from the comfort of your home. Blending the best of western and Indian teaching methodologies, **AOL School** provides your child with the best CBSE accredited education.

And our students get everything they need including homework, report cards, authentic certification upon successful course completion, regular tests and evaluation, PTM sessions, and much more!

It's just like a physical school, except it isn't!

Features:

- Batch size up to 25 students
- Class duration of 40 minutes
- Smart textbooks till Grade 5
- Optional subjects like Dance, Arts and PE
- Monthly attendance, homework & report cards
- Futuristic subjects like Robotics & Coding

Everything you need - without stepping out from home!

Strengthening Fundamentals with SHARPER

You might think it is best to load your child with a bunch of skills regardless of how they will be of any use to him/her in future. We think otherwise!

It is important to ensure that the child is prepared for the ever changing needs of the world out there, and that his skills don't go obsolete. This is exactly what S.H.A.R.P.E.R. takes care of. AOL School is proud to present its unique academic theory of S.H.A.R.P.E.R, introduced with an aim to ensure our children are always capable of moulding their skills as per the changing times.

While the world changes, they evolve and become stronger.

Career Counselling: Know what's right for your child!

Discovering your child's perfect career or which stream to select in higher classes is no mean feat. But the process cannot get easier than our unique, scientific approach to career guidance.

Our career experienced career counsellors ensure that a student's aptitude, skills, interests and passion are considered in the right proportions before providing sound career guidance.

Individual Attention & Communication

Taking care of a child while preparing them for the challenges ahead is indeed a tough task, but not an impossible one. AOL School ensures individual attention for your child at every phase of their educational journey.

By keeping the batch size to a maximum of 25 students, we maintain a strong teacher-student ratio of 1:25.

Keeping Parents on the Same Page

AOL School believes that parents should be actively involved in their child's schooling and development. That's why apart from sending monthly attendance, homework & report cards, we organize monthly PTM meetings to keep parents on the same page of their child's progress. You can interact with our educators, share suggestions and feedback about the curriculum, classes, teaching methodologies and everything else that can make your child's learning better.

Let's take the safe and holistic path to complete schooling with AOL School and develop your child's full potential.

We teach everything!

Our curriculum is CBSE accredited and includes all mainstream subjects taught in physical schools, and more!

Math | Science | English | Second Language | Art | Dance | Physical Education | Robotics | Coding

So don't wait! Just give us a call or visit our website to know more!
